

# The Productive Leader Program

**RELEASING TIME TO LEAD**

**Qualitas is a multi-disciplinary group of experienced healthcare professionals committed to quality, safety and productivity in healthcare.**

Using evidence-based programs developed by the NHS Institute for Innovation and Improvement, Qualitas works with your organisation to improve patient safety and reliability of care, improve staff well-being, increase the proportion of time spent on direct patient care and increase patient satisfaction.

The Productive Leader is a facilitated program focused on delivering greater efficiency and improving productivity, both personal and organisational, giving leaders more time to lead.

Developed by the NHS Institute for Innovation and Improvement, the Productive Leader Program consists of a series of both facilitated and self-development modules. It empowers leadership teams to work together in a more productive way and to streamline communication between leaders and PAs.

Based on proven lean methodology to reduce waste and variation in processes, the Program is full of practical, easy to implement tools such as how to manage emails and how to make meetings more productive.

Designed to empower staff with practical learning, teams will quickly see improved efficiency, better productivity in clinical and leadership settings and a reduction in time spent on administration tasks.

## Program Licence Fee

There is a Licence Fee of AUD \$600 +GST per staff member.

## Program Toolbox Kit

With your purchase of the Program Licence, you may purchase the Program Toolkit Box containing all of the material required for each team.

The cost for Toolkit boxes is AUD \$150 +GST plus postage.

## Implementation Packages

As we are able to tailor our packages to your particular circumstances, it's best to discuss your needs with us before making a final decision. As a guide:

### BASE PACKAGE (AUD \$33,900 +GST)

- One hour Executive Briefing Webcast
- Module Implementation Training (2 days)
- One day onsite Workshop to showcase progress (after 6 months)

### STANDARD PACKAGE (AUD \$39,750 +GST)

- One hour Executive Briefing Webcast
- Module Implementation Training (2 days)
- 11 x one hour Monthly Webcast Clinics with a facilitator for problem solving and advice
- One day onsite Workshop to showcase progress (after 6 months)

## Further Assistance Packages

Although the Program is designed as a simple step-by-step process, you may benefit from some additional assistance:

### PROJECT MANAGEMENT & CHANGE MANAGEMENT TRAINING (AUD \$6,000 +GST)

Prepare your team with 2 consecutive days of training before Module Implementation Training. Delivered by one of the experienced Qualitas team.

### PROJECT SUPPORT (from AUD \$2,500 +GST per day)

You may engage one of our experienced support people to work with you onsite as required.

**Please contact us if you have any questions regarding the Program or our training and support programs.**
